Adair County Health System Welcomes New Provider in 2012

Adair County Health System is pleased to announce that Cassie Jean Bacon, D.O., will be beginning her family practice at Adair County Health System in 2012. Dr. Bacon plans to begin in the summer of 2012. Dr. Bacon has been covering the Emergency Room at Adair County Memorial Hospital and will continue to do so throughout her career at Adair County Health System.

Dr. Bacon was raised in Lyons, Nebraska, a small town (population 900) which is one of the reasons she is looking forward to being in a rural community. She will be moving to the area in 2012 along with her fiancé Ryan Rasmussen.

“Coming from a small town I knew that I wanted to be a small town doctor. I visited Adair County and loved the community, hospital and people. I am already enjoying my time in Adair County and I am looking forward to rejoining the small town life permanently,” stated Dr. Bacon.

Adair County Health System welcomes Cassie Bacon, D.O. to our family. For a complete listing of all providers visit our website at www.adaircountyhealthsystem.org
